

**PEGASYS** is an advisory group driving developmental impact in emerging economies. We work to solve complex problems and improve overall quality of life. We are trusted advisors and partners to the public and private sector, and support our clients to develop infrastructure and manage natural resources.

Our specialists are from a broad range of disciplines, which include engineering, law, finance, economics, international relations, policy, the humanities and science. Together we form a multidisciplinary team and bring our diverse skillset and experience to take on challenges facing the developmental sector.
